

# FEEL AT HOME

2955 Dorr Street Toledo, Ohio 43607

Dear Parents and Guardians,

Since 1970, Corpus Christi University Parish has successfully served the needs of UT students, faculty, and staff, as well as providing for the spiritual needs of the greater parish community. The focus has rightly been on the UT students and thus our parish has not initiated any kind of formal children's ministry. We have decided, however, that it is time to pair the gifts of our college students with the needs of diversifying and expanding our greater parish community.

Thus, I invite you to be a part of this inaugural program! While it will not be a full-scale religious education program like other parishes are able to offer, it will provide a unique opportunity for your children to be inspired and uplifted in their faith by our own UT college students. We have decided to initiate this program with only the sacramental years of 2nd grade and 8th grade, combined with a children's service during our 11 a.m. Sunday liturgy. We are open to ways going forward of meeting the religious education needs of children in the other grades, using possibly the combination of education at home and small group gatherings between the families involved.

I believe this is a unique opportunity for our parish to tap into the great gifts of our college students while providing for the educational and spiritual needs of the families in our parish. If you have any questions, please contact me at [jmiller@ccup.org](mailto:jmiller@ccup.org). This is the inaugural year, so there will certainly be some glitches to work out as we get this up and running. Thank you for your interest and your commitment to raising your children in a Christ-centered home.

God Bless,

Fr. Jeremy Miller  
Pastor  
Corpus Christi University Parish
